TOKEN 3 CLUB

WE recover

WE grow

WE support

2019 Annual Report

ABOUT us

The Token 3 Club is a non-profit 501(c)(3) organization in Louisville, Kentucky that provides a location for 12-step recovery meetings.

In 1965 the Token 3 Club incorporated as a non-profit organization located at Colony Way in Louisville's St. Matthews area.

Our purpose in 1965 was "…to promote abstinence, continued sobriety, and the rehabilitation of persons who were alcoholic, by providing a meeting place for members…" AA meetings were held at this location, as well as social events and activities for the Club's members.

In the 1970's the Token 3 Club became a tax-exempt organization with a board of directors and by-laws, and moved to Dupont Circle, where the Club operated for 44 years. It was here that our facility began to offer support to those suffering from addicition of any kind.

In 2019 we had outgrown our space at Dupont Circle. With the help of our donors, we moved to a new location on Breckenridge Lane. We now have three accessible meeting rooms, with a large common area and concessions.

We're open seven days a week from 6am - 9pm for meetings and fellowship, 365 days a year. On key holidays we provide 24-hour meeting space.

With over 60 weekly meetings, the groups currently utilizing our facilities include: Alcoholics Anonymous, Al-Anon, Overeaters Anonymous, Co-Dependents Anonymous, Nicotine Anonymous, Debtors Anonymous, and Y12SR Yoga. We are not directly affiliated with any of these groups and the Token 3 Club welcomes any 12-step recovery groups wishing to gather in a safe space. Over 65,000 people visit the Club yearly to attend meetings, club-sponsored events, or to find support in their recovery journey.

From Our Executive Director

As 2019 draws to a close I am struck by how very far the Token 3 Club has come in such a short time. When I was asked to assume the role of executive director in 2016, I must admit I had a great deal of fear. There was so much to do to get the club back on track, and, after years of speculation, we had finally received official confirmation that we would need to move. My greatest fear was that the Token 3 Club would close its doors, leaving our recovering community in need.

It is with immense gratitude that I can report the Token 3 Club is stronger and more able to serve our community than ever before. In April 2019, we moved into a beautifully renovated facility with more space and accessibility. As a result, we now host 62 12-step meetings a week and serve upwards of 1,500 people. None of this would have been possible without the commitment of our board of directors, and the support of our members and community partners. I am confident, and so very thankful that the Token 3 Club will be able to continue its service to our recovery community well into the future.

Dianna Timperman

Dianna Timperman, Executive Director

OUR mission

To provide a safe and welcoming gathering place for 12-step recovery from addiction.

BOARD of directors

Rolf Provan
Erin Fogarty
Vertner Smith
Mark Robinson
George Wright
George Raque, M.D.
Ann O'Daniel
Greg Shade
Noreen Fenton
Sally Thompson
Stephen Roszell, M.D.

From Our Board President

How appropriate it is that we are in November which is our Gratitude Month. My gratitude for what has transpired in the last year is plentiful. The efforts, support and hard work that went into our move from the Dupont location to our new space was amazing to witness. There are so many thanks which need to be shared!

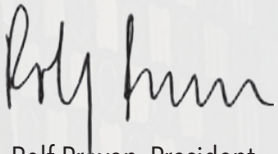
My first thanks goes to our Executive Director, Dianna Timperman and her staff. Planning and executing the move with the help of the Healing Place took long hours and much elbow grease and it happened in a seamless manner.

My second thanks goes to our fabulous board who raised the funds needed and actually oversaw the planning and construction of our new space which we can all agree is a marked improvement over our previous Dupont location.

I would be remiss if I did not offer a special thanks to Scott Gregor and Buffalo Construction for the excellent work they did and the in-kind donation they generously made. We could not have made this move without their enormous assistance.

Lastly, I would like to thank each and every one of you for the financial and positive support you have provided for our Club. While it was sad to leave that familiar space at Dupont, in spite of the steps and the leaky, cramped bathrooms, I am so very pleased with the response at our new location. Meetings and foot traffic are both up dramatically which tells us that all of our efforts together have paid off.

So, thanks to all for everything you have done and continue to do to help keep the Token 3 Club a safe and welcoming place for all who need it.



Rolf Provan, President

Addiction is a major crisis affecting individuals, families and communities across the nation. The Token 3 Club fills a niche in combating this epidemic in our community. We offer daily 12-step meetings to individuals that provide "peer-to-peer" interaction through shared experience, strength and hope. Those just out of treatment can find others with long-term sobriety to guide them through life challenges. We're open seven days a week from 6am - 9pm for meetings and fellowship. The benefits we provide for addicted individuals, families and to our community are immeasurable.

With our 2019 move, we saw the need to grow our partnerships with foundations, corporations, civic and religious organizations and individuals. Our Capital Campaign generated $171,000 for our move and renovation of our new facility.

We have expanded our meeting room capacity to meet the demand from people in our community with three meeting rooms instead of two, and two-and-a-half times as much space, while maintaining our welcoming, comfortable, and safe atmosphere where new people in recovery can relax and get acquainted with sober people.

Your supporting contributions sustain the ongoing costs to keep the Club open and operational. The larger facility has allowed us to expand recovery services, allowing us to continue changing lives and bettering our community.

OUR vision

The 2020 vision for the Token 3 Club is to become THE meeting place for recovery in the Louisville region by formalizing operations and growing the community.

FINANCE report

The Token 3 Club engages in revenue-generating activities to sustain our operations. The sale of concessions, literature and recovery-related items account for approximately half of our revenue. Voluntary contributions made by individuals, organizations, and grant makers help generate further income. The 12-step groups that meet at the Token 3 Club are asked to make a $15 - $25 donation for the use of the meeting room, however, it is not a requirement.

The Club continues to improve its financial standing. In the summer of 2018, the WelenkenCPA accounting firm in Louisville audited the Club. Their report reported the Token 3 Club financial statements were positive and fair. The Club's net assets and cash flows ended in accordance with general accounting principles.

Tax Year 2017:

- Total revenue was $253,345, up from $148,727 in 2016.
- Revenue less expenses was $77,732, up from $12,736.
- Net assets were $86,710, up from $8,978, in the previous year.

Our 2017 tax return, from which these numbers are taken, is posted on our website, www.token3club.com.
